# Holy Sepulchre Regiment

---

We wish to announce the formation of THE REGIMENT of HOLY SEPULCHRE COMMANDERY. Other bodies have called a similar organization a Service Committee; we prefer the distinctive and more collective term of REGIMENT. This organization along military lines is designed to inculcate the duties of Charity and Hospitality among our membership in order that each Sir Knight may better appreciate the value of our great order: that he may take a greater interest in the activities of our Commandery: that he may be of greater service to that Commandery: and that the Commandery may be of greater service to him.

All Sir Knights of HOLY SEPULCHRE are members of THE REGIMENT which is divided into battalions, companies, and platoons in charge of majors, captains, and lieutenants. Each platoon as far as possible is composed of Sir Knights within the same general neighborhood so that the lieutenant will always be within easy reach of all members of his platoon.

I enjoin upon each Sir Knight to enter into the spirit of the plan and cooperate with the Regimental Officers by reporting to the lieutenants any cases of sickness, need, change of address or other matters pertaining to the welfare of the Commandery or its members and by cheerfully receiving and acceding to such requests and other messages as may be transmitted from the Commander. We welcome at any time constructive criticism which will help the officers in operating the affairs of the Commandery for the greater good and greater interest of the individual members.

Each Sir Knight will shortly be called upon by the lieutenant of his platoon at which time he will be given the names of the other officers of his company and battalion.

RALPH F. GREENWOOD  
Commander
